MACCLESFIELD
TUTORIAL COLLEGE

At Macclesfield
Tutorial College,

under- standing what you need

is the first
step to
academic
success.

Every day, our supportive learning environment opens up new life opportunities by making qualifications accessible to all.

Through online lessons and face-to-face tuition, our experienced teaching staff transform futures by providing the highest quality one-to-one education.

For students at Macclesfield Tutorial College, that makes all the difference.

Our inspirational teaching approach enhances student prospects.

Macclesfield Tutorial College is an independent college, tutor agency and accredited examination centre situated in Macclesfield, right in the heart of the UK. Our experienced teachers are equipped to teach a vast array of subjects from Primary, Functional Skills and GCSEs to AS and Advanced Levels. We believe that the best outcomes are achieved when high teaching standards create a positive environment for conscientious application and diligent study.

A tradition of providing exceptional student support.

Established in 1991, the College began as a tuition agency and later developed to accommodate students looking for complete courses. Full and part time students were first accepted in 1993. Students study in a particularly safe environment and are supported by a small, friendly and professional working team.

A one-to-one approach could make all the difference.

Students respond
to our teaching,
because we respond
to their needs.

Students come to us for a wide variety of reasons. Whether through personal choice, a recognition that the traditional education system may not meet their needs, or because one-to-one tuition or home schooling is simply a better choice for them. But what connects them all, is the need for a more individually focused approach that will help them achieve their true potential.

One-to-one support allows teaching speed, style and delivery to be adaptable. It's reassuring for students to know that our friendly team of teaching professionals are highly experienced at meeting the most individual academic needs.

- ✓ We have worked with a wide range of Special Educational Needs and health conditions and teach with care and sensitivity. We provide a safe, supportive environment where everyone is treated with respect.
- ✓ We have a proven record of providing children and young adults with Special Educational Needs and Disabilities (SEND) with a flexible, supportive service which provides a greater chance of successful outcomes.
- ✓ Our teaching approach is all about taking the time to make educational connections with each student. From there, our students can achieve their full potential.

After school private tuition at the College, online, or in your home.

- ✓ One-to-one support from subject specialist tutors.

- ✓ Support for Primary, Entrance Exam, Functional Skills, GCSE/IGCSE, A Level and beyond.

- ✓ Technology including audio-visual learning aids, interactive whiteboards and online facilities.

- ✓ Well stocked research library.

- ✓ Online lesson options – a convenient way to access tuition, enabling tutors and students to interact as if in the classroom, sharing screens, diagrams and ideas.

- ✓ Tailor made instruction.

- ✓ Fully equipped Science Lab.

Our courses are wide-ranging. Their effects can be life-changing.

We're open and able to enrol students throughout the academic year. Whether you are looking for a complete GCSE or A Level study course, a private tutor, or an approved centre to sit your exams, we are here to help. We are accredited with each of the main UK examination boards and are experienced in providing tuition and exams in most subjects across various levels.

Our GCSE and GCE (AS and A-Level) courses are available over 1 or 2 years and we strive to construct a bespoke timetable to meet the needs of each student, with tailor-made education packages, together with the highest quality tutor, designed to meet their needs.

Our principal aim in academic life is helping our students to achieve their ambitions. We cater for examinations in most subject areas, from English Language and Literature, to the Sciences, Humanities, Modern Foreign Languages and Business Studies.

And we're flexible too. We can adapt our support to accommodate specialised student needs on many subjects, specifications and levels. Above all, you'll find the College is a friendly and relaxing place to be, with study spaces of all different sizes, from classrooms suited to one-to-one tuition to a fully equipped science laboratory for practical work.

Taking exam arrangements to another level.

Your
qualifications,
covered.

As an Exam Centre for both MTC and Private Candidates, we offer a variety of levels, including Functional Skills, GCSE/IGCSE and A Level examinations. In addition, the centre has facilities for science practicals and many language speaking examinations.

As an approved centre for the AQA, CIE, Edexcel, Eduqas and OCR examination boards, we accept private candidates taking examinations from any part of the world. Our exams team make every effort to understand the needs of each candidate, making qualifications accessible to all and where appropriate applying to Exam Boards for Access Arrangements. Applying for exams can appear daunting at first glance but we are here to help make the process as transparent and pain-free as possible for you.

Getting on track for your future.

Time to think ahead about going back to college?
We'll work with you to achieve your career goals,
through flexible, full or part time study courses.

Making the difference. Just some of our success stories.

I cannot praise your staff and College highly enough. The tuition you give and the examinations you offer, have allowed two of my daughters the opportunity to gain their Maths and English GCSEs when main stream education was failing them.

Your Team's professionalism and 'can do' attitude is outstanding, although my biggest gratitude has to go to the tutors who have been superb. I cannot praise your College highly enough. I will be forever in your debt.

– Gill, parent of MTC student

Having chosen to home school, we were astonished at the lack of support available when it came to applying for GCSEs. Without the help provided by Macclesfield Tutorial College, I don't know what we would have done. They supported us every step of the way and I will be eternally grateful.

– Maddy, parent of MTC student

Macclesfield Tutorial College never fail to take a person-centred, inclusive and supportive approach to meeting the individual needs of young people through carefully tailored tuition and highly personalised timetables.

This sensitive and supportive approach has enabled numerous young people to better manage and overcome significant barriers to learning which had previously resulted in some being unable to attend other school and college settings.

The learning experiences provided by Macclesfield Tutorial College have been nothing short of transformative for these young people and it has been wonderful to see them grow in confidence and enjoy and achieve both personally and academically over their time at Macclesfield Tutorial College.

Suddenly,
something **clicked.**

And there it was. Something
the teacher said. It made a difference.

A light went on.

The realisation dawned.

So that's how it works.

That's what it means. Now it all adds up.
Now I can see the future opening up.

**Now I can see,
all that I can be.**
